

YOGESH MANDAVKAR

SENIOR SOFTWARE DEVELOPER | PHP & LARAVEL DEVELOPER

yogeshmandavkar123456@gmail.com | 8291403136 | linkedin.com/in/yogesh-mandavkar-252397255 | Kandivali (East), Mumbai

SUMMARY

Senior Software Developer with 3+ years of experience building and deploying web applications end to end — from **PHP Laravel backends to AWS infrastructure and GitLab CI/CD**. Grew through every engineering level at a single company, with a track record of real delivery: **30% faster deployments** through CI/CD pipeline optimization, modernized legacy codebases, and hands-on mentoring of junior developers on PHP best practices and testing discipline.

SKILLS

Programming	: PHP, Laravel, JavaScript, jQuery
Cloud & DevOps	: AWS (EC2, RDS, S3, IAM), GitLab CI/CD
Database	: MySQL, SQL
Tools	: Git, GitLab, VS Code, Postman
Soft Skills	: Leadership, Troubleshooting, Code Reviews, Collaboration

PROFESSIONAL EXPERIENCE

Indigital Technologies LLP

Jan 2023 – Present

Senior Software Developer (Apr 2026 – Present)

- Design, develop, and maintain scalable web applications using PHP, Laravel, and MySQL, ensuring high availability and performance.
- Built and maintained GitLab CI/CD pipelines that cut deployment time by 30%, while modernizing legacy codebases.
- Manage cloud infrastructure and deployments on AWS (EC2, RDS, S3, IAM), improving system reliability and scalability.
- Lead code reviews and enforce coding standards, and mentor 2 junior developers on PHP best practices and testing discipline.
- Gather requirements from stakeholders and translate them into technical documentation and execution plans.

Software Developer (Apr 2025 – Mar 2026)

- Developed and maintained web applications using PHP, Laravel, and Node.js, resolving production issues to improve application stability.
- Deployed and supported cloud-based infrastructure on AWS (EC2, RDS, S3, IAM).
- Participated in code reviews and upheld code quality standards; assisted in configuring GitLab CI/CD pipelines to streamline deployment automation.
- Documented customer requirements and technical specifications to support project delivery.

Jr. Software Developer (Jan 2023 – Mar 2025)

- Built and maintained web applications using PHP and Laravel, performing testing, debugging, and issue resolution.
- Supported application deployments and production maintenance on AWS (EC2, RDS, S3, IAM).
- Participated in code reviews and contributed to code optimization efforts; prepared project documentation and client requirement specifications.

EDUCATION

Master's in Computer Application – L. B. Hiray S.S. Trust's Institute of Computer Application (2021–2023) – CGPI: 8.81

Bachelor of Science in Information Technology – M. L. Dahanukar College of Commerce (2018–2021) – CGPI: 7.48

12th Grade – Patkar Varde College (2018) – 54.46%

10th Grade – Shri Mangubhai Dattani Vidyalaya (2016) – 74.20%
